1.0 CALL TO ORDER: SELPA Chief Administrative Officer, Dr. Patty Metheny called the meeting to order at 8:00 a.m. at the Dorothy Inghram Learning Center located at 670 E. Carnegie Drive, San Bernardino, CA 92408.

2.0 PUBLIC COMMENTS: There were no public comments.

3.0 REVIEW/APPROVAL OF MINUTES: The minutes of the December 7, 2023, meeting were reviewed. Motion to approve the minutes was made by Patti Buchmiller and seconded by Scott Wyatt. The minutes were approved by the consensus of the members present.

4.0 DISCUSSION/PRESENTATION

Finance Items

4.1 EV SELPA NonPublic School 2nd Quarter 2023-24 Report

Program Manager Jennifer Brooksby and Finance Specialist Elizabeth Coronel reviewed the report. Ms. Brooksby indicated the program portion of the report was inadvertently left out of the pdf document and provided it electronically to the committee members. She highlighted she has only received two annual NonPublic School monitoring reports from one district so far this year. As a reminder, every student placed in a NPS needs to have an annual monitoring report prior to June 30th, but that they can be completed at any time throughout the year, provided to the EV SELPA who then sends them to CDE within 60 days as required by Ed Code. Ms. Coronel reviewed the fiscal portion of the report and noted the amounts presented did not contain Precious Hearts NPS invoices as they arrived only yesterday. Ms. Coronel agreed she could provide an update specific to Precious Hearts NPS within a week upon request. Otherwise, the amounts will be added to the 3rd Quarter NPS report.

4.2 Preparing for 2024 Maintenance of Effort (MOE) – SEMA-I

Consultant Andrea Tennyson explained the process for providing SEMA-I data and review mid-year as this is a relatively new practice in the EV SELPA. She shared she updates the MOE data after first and second interims based on the information she obtains via SACS software. She further clarified these numbers do not include any exemptions the district may use. The second interim report is due to SBCSS Business Advisory Services next week. Once the districts have submitted the second interim report, please copy Ms. Tennyson so she can enter the information for MOE.

4.3 EV SELPA 2023-2024 Fiscal Reporting Calendar

Ms. Tennyson reviewed the fiscal activities for February and March. She indicated they are well into budget development season and that the transfers for NPSs cost will be done shortly after this meeting. Ms. Tennyson will present the EV SELPA regional programs proportionate share projected costs in March.

4.4 Budget Development Activity

Dr. Metheny shared a FCMAT Budgeting Tool to assist districts with budget development. Information needed to complete this task was provided to each director and fiscal staff present. Dr. Metheny suggested program and fiscal staff work together on this project and that the Tool maybe a helpful guide as they do so.

Program Items

4.5 Supporting Inclusive Practices

Dr. Metheny highlighted that the EV SELPA is in its fourth year as a SIP grantee and while some work has been accomplished throughout the SELPA, much remains. As a result, she shared the EV SELPA in collaboration with SIP will facilitate a leadership summit, EV SELPA United in Inclusion on May 1, 2024, at the Riverside Convention Center. Dr. Metheny indicated she spoke with each superintendent individually and that all are supportive of the summit. She described it as an opportunity to bring district partners together under the guidance of CDE SIP leaders to develop and support each district's vision for inclusive practices based in the district's culture and beliefs. Appropriate attendees were identified as superintendents, assistant superintendents, board members, parents, general and special education teachers as well as leaders. A keynote will be delivered by an individual with disabilities and Senator Ochoa-Bogh is tentatively scheduled to provide the closing remarks.

The next chapter of the inclusion series by Katie Novak and Shelley Moore, *Zooming Ahead on Inclusive Practices*, includes virtual sessions at 3:00 pm on March 18 and March 25, 2024. Both Drs. Novak and Moore will present in-person at the EV SELPA on May 7, 2024, followed by district, site level visits May 8, 2024.

Dr. Metheny shared the East Valley SELPA is accepting nominations for the ribbon of inclusion. Since the East Valley SELPA Ribbon of Inclusion was approved and has the full support of the Board of Directors it is time to recognize the work districts are doing. Schools selected will be recognized at the May 2024 EV SELPA May Board of Directors Meeting.

SIP Grant information was shared. Ms. Brooksby explained some of the funds are allocated to the May 1SIP Summit in May and the Katie Novak and Shelley Moore series in collaboration with the Ventura County SELPA. She indicated there remains approximately \$20,000 available for each district and reminded Committee members that the monies are available via a reimbursement process and will be reimbursed at the end of the fiscal year. For districts wanting to access the funds, Ms. Brooksby indicated she will resend the EV SELPA SIP Grant Reimbursement Form.

4.6 EV SELPA IEP Vendor Selection

Dr. Metheny and Ms. Brooksby shared a preview of the IEP Vendor Selection presentation planned for the February 21, 2024, EV SELPA Board of Directors meeting. She shared she will also request the Board approve a new IEP vendor for the EV SELPA at that meeting. Ms. Brooksby spoke briefly about the possible roll-out and training series for the new IEP system. Dr. Metheny indicated the EV SELPA Board of Directors will be requested to approve an implementation plan at the March 20, 2024, meeting. Dr. Metheny and Ms. Brooksby shared elements of a potential plan to include a trainer of trainers session in the spring, training for special education administrators and their data teams as well as training for all site level administrators. Districts will be expected to provide in-district training, as well, followed by DA users and general users. They indicated that both systems being considered are working closely with the SELPA to plan so that the new system will be available to users when they return for the 2024-24 school year.

4.7 EV SELPA ADR

Ms. Brooksby highlighted that the next set of training courses by Key2Ed for school-based cohort teams are scheduled for April 17, 18, and 19, 2024. Capacity for this training series is thirty attendees which translates to districts teams of five participants. She requested the names of team members by provided to her by responding to an email request.

She shared follow-up coaching meetings for the cohorts who participated in the fall sessions are being held now with Key2Ed. Ms. Brooksby reminded the Committee that the Key2Ed model is not a trainer of trainers model, but a team-specific implementation model. Patti Buchmiller shared it would be beneficial for others to understand Key2Ed facilitation strategies. Dr. Metheny indicated she will work with Key2Ed to provide this type of training as well as to determine if it could be incorporated into trainings with the new IEP vendor system.

4.8 January 2024 Signed Legislation

Dr. Metheny shared two pieces of legislation pertaining to NonPublic Schools that became effective. AB 611 states that parents must be notified of any change of certification status of a NonPublic School. AB 723 pertains to pupil placement of Special Education Foster Children in NonPublic Schools. A legal opinion on AB 723 by Atkinson, Andelson, Loya, Ruud & Romo was shared. A foster youth who changes residences while attending a NPS will have the right to continue to attend the NPS as the school origin unless is determined that it is not in the best interest of the foster youth. The best interest of the foster youth is determined in a best interest determination meeting and not during an IEP. It is important that districts are aware of these best interest determination meetings and send representation. When districts receive a student in this situation, they were encouraged to notify the EV SELPA immediately to receive support and assistance.

4.9 CALPADS Data Fall 1 2022 & 2023 Comparison

As CALPADS 16.11 *Students with Disabilities Annual Comparison Report* is no longer available due to the file redesign, Dr. Metheny developed and shared a document that included Student Counts and Disability Rates per district from 2018 through 2023. The 16.11 Reports from 2022 were also provided for informational purposes. EV SELPA Program Technician Sonya Cain indicated a new CALPADS report on late plans and reevaluations is set to be released mid-February. A new initial and third birthday report is being developed but no release date has been shared. Ms. Cain thanked all the districts for the successful and timely certification process.

4.10 CDE Compliance Monitoring

Ms. Brooksby provided information on CDE required reporting on the progress each district makes with their Compliance and Improvement Monitoring (CIM) plans and reviewed the CIM Progress Reports that will be due to the SELPA in June 2024. Ms. Brooksby led Committee members in a self-reflective activity and a peer review activity with their submitted CIM plans. Following this, she led a conversation about strengths of the plans as well as suggestions for improvement of the plans. Committee members expressed their appreciation that CIM plans were not only developed for practices that effect students with disabilities but also for general education practices. plan and.

Dr. Metheny share the CDE required IEP implementation monitoring period (i.e. data collection evidencing services were provided) will occur this year and is likely to be in March and April. CDE had not released any specific information to-date. She also highlighted the annual determination letters are likely to be sent to the superintendents in March, as well, but again that CDE had not released any information to-date.

4.11 The Special Ed Administrator's Personal Trainer

Program Manager Dr. Rick Homutoff led a conversation for Chapter 8 of The Special Education Administrator's Personal Trainer *Legal Mandates vs. Reality*. The directors shared the difficulty of navigating politics within districts, the challenges faced with FAPE vs. FAVOR and the need to train more administrators in ADR practices. Dr. Sonya Scott shared the Rialto USD has adopted and revised a tool from San Bernardino City USD that provides guidance for site level administrators. She indicated she will share it with the Committee members.

4.12 EV SELPA Community Advisory Committee (CAC)

Dr. Metheny shared district representation continues to be needed for the CAC. Two district representatives with district Board approval as well as other parents and community members may participate. The next CAC meeting will be virtual and is planned for February 26, 2024. Ms. Brooksby shared about a virtual parent training series in special education basics facilitated will be held in March and April 2024. A flyer with this information was shared.

4.13 SBCSS East Valley Operations

Dr. Wyatt expressed his gratitude to Dr. Metheny, Dr. Homutoff and Ms. Brooksby for the training series provided to EV-Ops related service providers and administrators. He shared the training series was informative, and staff have been inspired to implement the learned material. Dr. Metheny suggested having "office hours" for East Valley Operations staff to follow up in practices and reinforce the information learned.

He reported EV-Ops will be losing a VI teacher in the middle of March which will leave 4.4 FTE for VI. The open position has been posted. He also shared a virtual DHH teacher for the region has been hired. In addition, Dr. Wyatt shared on openings within his division that include a vacancy for a curriculum specialist and administrative office support

The Committee discussed the increase in American Sign Language (ASL) interpreters being recommended by EV-Ops DHH teachers. This had not been the practice within the EV SELPA region until the 2022-23 school year. Dr. Metheny suggested having district staff conduct assessments to determine the need for additional support (i.e. an EV SELPA ASA) and consult with DHH staff to ensure the student has the support needed. Committee members expressed that having an ASL interpreter in a non-ASL environment may hinder a student's educational and socialization opportunities and suggested other strategies be implemented first.

4.14 Hot Topics

Rob Pearson expressed his concern using the word “recommendations” and recommending any type of service or device in assessments reports as it could lead to interpretation of predetermination in IEP services. Mr. Pearson further stated that assessment reports’ findings are shared during an IEP and IEP teams make the recommendations on services and/or equipment. After a discussion, it was agreed that SELPA-wide assessment reports address eligibility. The discussion regarding the appropriateness of including recommendations will continue once Dr. Homutoff has further investigated the issue.

Dr. Metheny reminded the Committee CDE has asked for explanations regarding anomalies between the 2022 and 2023 personnel data reports and that she must provide that information to CDE tomorrow. Dr. Sonya Scott inquired as to how this data is gathered since she found some discrepancies in Rialto USD data. Dr. Metheny explained the information is obtained directly from each district and that each district enters the data. She recommended, as she has in the past, that each district’s human resources departments and special education departments work closely together on keeping this data throughout the school year.

Dr. Scott asked for guidance regarding several internal settlement agreements Rialto USD engaged in with parents who have relocated to other cities. Dr. Homutoff indicated he would work with her on this issue, suggesting the language in each agreement be reviewed closely.

Problem areas

- Teachers not planning, means we often receive materials evening before or day of assignment for both Braille and LP materials
 - Ask for materials a week in advance but rarely happens
 - Convert Power Points and Google slides into accessible format
 - Braille Specialist assist in getting materials to students in a timely manner at the same time as their peers
 - Many school districts are using software and apps that are not accessible for large print and braille users (this includes SBCSS)
- High School books not available in Braille or Large Print from State or other resources
 - Schools allowed to choose subject curriculum, each district is different
 - Braille textbooks cost thousands of dollars with math often in \$10,000 range due to graphics and time needed to produce
 - New adoptions taking place at end of year
 - Large print often needs done in house for several weeks
 - Takes time for state or outside agency to produce large print book, 2-3 months or longer
 - Can take a year to produce a braille book, do not ship until completed

Helpful Solutions

- Getting bids from independent Braille Transcribers to complete new texts
 - Dependent on SELPA approving cost and paying out per volume rather than upon completion of work
- We have 8 braille transcribers working on materials in 23-24
 - Braille Specialist email teachers, pick-up and deliver materials to sites
- Allowing Braille Specialist to work during Extended Year hours
- Pushing for Software and Apps to be accessible for all students
- Looking at caseloads by workload instead of head count

Nineteen Ways to Step Back

Hudson, L. J., (1997). *Classroom collaboration*. Watertown, MA: Perkins School for the Blind.

1. Acknowledge your impulse to make students' days go smoothly. There's a reason you chose the helping profession.
2. Pause before answering or helping.
3. Sit on your hands for a whole task while you practice giving verbal instead of touch cues.
4. The handicap associated with vision loss only stems from lack of information. Pat yourself on the back every time you help with seeing but resist helping with thinking.
5. Schedule in advance a brief task or time period when you commit to no intervention; ... no matter what (unless safety is compromised). See what happens. Reintroduce assistance only as needed.
6. Sit further away. If you have been within arm's reach, sit just within earshot. If you have been sitting just within earshot, sit across the room.
7. Take data instead. Keep a tally of the number of times in a lesson students appropriately go to their classroom teachers instead of other adults.
8. Call on students' learning partners or sighted guides.
9. Unless you are the classroom teacher, catch yourself before you correct students' work. Remember, this is about students' skills ... not yours.
10. Teach students to decline assistance: "Thanks, but please let me try it by myself."
11. Phase out cues.
12. Have students discreetly ask their classmates for information (what page they are on, what is the school lunch, who the teacher is talking to, etc.) Coach them to do this on the telephone in the evening as well as during school hours.
13. Remind yourself that you're stepping back so that students can become independent. It's harmful when you cover for them. Don't be responsible for holding them back in this area.
14. Make sure team members (especially the principal) know your reasons for stepping back so it doesn't seem like you are shirking your responsibilities.
15. Clock how long it takes for students to do things independently. The extra time to start zippers, pick up dropped papers, or find page numbers may seem eternal but actually last only a few seconds.
16. Tell other adults in the classroom that you're going to step back and ask them to remind you when you should do this.
17. Let classroom teachers serve as a clearinghouse for all questions or needs. Students ask their classroom teachers. The classroom teachers then decide to (a) respond themselves, (b) delegate other adults or students to help, or (c) ask the students to try to work it out alone.
18. Let your students make mistakes and get into trouble. It's part of the human experience!
19. Post a sign, "Could I be doing less?"

Data Presented ACSA Every Child Counts Symposium

by Patrick McGrew, Anjanette Pelletier & Anthony Rebelo

January 2024

5 Special Education Statistics

- Schools must serve students with disabilities (SWDs) ages 3-22, and some serve ages 0-3
- The number of SWDs in the US rose to 7.3 million, or 15% of students enrolled in public schools in 2021-22—the highest percentage ever
- There were 813,529 SWDs in California, or 13.9% of the student population in 2021-22
 - Enrollment is declining across the state while pupil count for SWDs is increasing
- Incidence of disabilities such as Autism and Other Health Impairment continue to rise
- Specific Learning Disability and Speech and Language Impairment are the most prevalent disability conditions in the U.S.
 - Boys outpace girls in eligibility for special education services
 - Black, Hispanic, and American Indian/Alaskan Native students are identified at much higher rates than their incidence of enrollment in the U.S.

Subject: Notification of 2023 Annual Determination Pursuant to the Individuals with Disabilities Education Act and Selection for 2024 Compliance and Improvement Monitoring Activities including Identification of Significant Disproportionality

Dear Title Last Name:

The California Department of Education (CDE), Special Education Division, is providing this notification in accordance with the Individuals with Disabilities Education Act (IDEA), Section 616(e) and Title 34, Code of Federal Regulations (CFR) sections 300.600–604 and 300.646–300.647. This notification addresses the following:

- 2023 Annual Determination under IDEA, Part B
- Selection for 2024 Monitoring
- Official Significant Disproportionality Determination for the 2024–25 Budget Year
- Next Steps

2023 Annual Determination under IDEA, Part B

In accordance with IDEA Section 616(e) and 34 CFR Sections 300.600–300.604, the CDE is required to make an annual determination on the performance of each local educational agency (LEA). The CDE reviews LEA compliance, disproportionality, and performance data related to the implementation of IDEA requirements. As a result, every LEA receives one of four possible annual determinations, as follows: Meets Requirements, Needs Assistance, Needs Intervention, or Needs Substantial Intervention. The determination is based on the LEA's Monitoring Selection.

2024 Annual Determination under IDEA, Part B

In accordance with IDEA Section 616(e) and 34 CFR Sections 300.600–300.604, the CDE is required to make an annual determination on the performance of each local educational agency (LEA). The CDE reviews LEA compliance, disproportionality, and performance data related to the implementation of IDEA requirements. 2024 Special Education Monitoring

The CDE's monitoring framework is a tiered system that differentiates the level of monitoring, technical assistance, and support for each LEA based on the analysis of compliance, disproportionality, performance data, and the LEA's particular need. The framework includes three monitoring tiers: Universal, Targeted and Intensive. LEAs that meet requirements under IDEA remain in the Universal monitoring tier and have access to resources to support continued compliance and performance. LEAs that do not meet requirements are identified for either the Targeted or Intensive monitoring tier. The CDE differentiates the levels of engagement to LEAs within the Targeted and Intensive monitoring tiers.

Beginning in the 2022 Monitoring Year, the CDE released the Compliance and Improvement Monitoring (CIM) Process to replace previous monitoring processes. The CIM Process is a four-step process designed for LEAs experiencing issues in compliance, disproportionality, and/or performance. It requires the LEA to complete activities to identify systemic issues that led to poor student outcomes and culminates in a cohesive and comprehensive improvement plan.

Identification and Selection for 2024 Monitoring Year

The CDE reviews data submitted by the LEA to the state to determine their monitoring tier and level based on LEA overall performance in meeting the needs of students with disabilities in a number of areas including academic achievement, student success, school climate, disproportionality, and compliance with regulatory requirements.

Based on these analyses, <<LEA Name>> will be monitored in the following monitoring tier and differentiated monitoring level in the 2024 Monitoring Year: <<Monitoring Tier and Differentiated Monitoring Level>>. The annual determination for <<LEA Name>> is <<2024 Annual Determination>> in meeting the requirements of the IDEA, Part B, for the 2024-25 school year.

Please follow the link to see the data associated with your selection in the above-identified monitoring tier and level, and additional data that will help inform the monitoring and planning process: <<exfiles link to data sheet(s)>>

Compliance and Timeliness Issues

As a factor for identification and selection for monitoring reflected above, the CDE assesses an LEA in several key timeline areas. The CDE's review of LEA's compliance in these areas include:

- SPP Indicator 11: One hundred percent of children were evaluated within 60 days of receiving parental consent for initial evaluation.
- SPP Indicator 12: One hundred percent of children referred by Part C prior to age three, who are found eligible for Part B, have an IEP developed and implemented by their third birthday.
- SPP Indicator 13: One hundred percent of youth aged 16 and above have an IEP that includes the eight required elements of transition.
- Whether the LEA held an IEP meeting at least once per year.
- Whether the LEA conducted a "triennial" re-evaluation to determine the student's continued eligibility for special education every three years.
- Whether the LEA held an informal resolution session with the parent within fifteen days of the parent's filing a request for a special education due process hearing with the Office of Administrative Hearings.

Please follow the link to see your data <<[exfiles](#) link to data sheet(s)>>

At this time, the CDE is providing you with preliminary information to review current local data systems to either hold overdue meetings or address the root causes of systemic issues of noncompliance. The CDE will review this information against the End of Year California Longitudinal Pupil Achievement Data System (CALPADS) submission to determine if continued noncompliance and corrective actions are warranted.

Official Significant Disproportionality Determination for the 2022–25 Budget Year

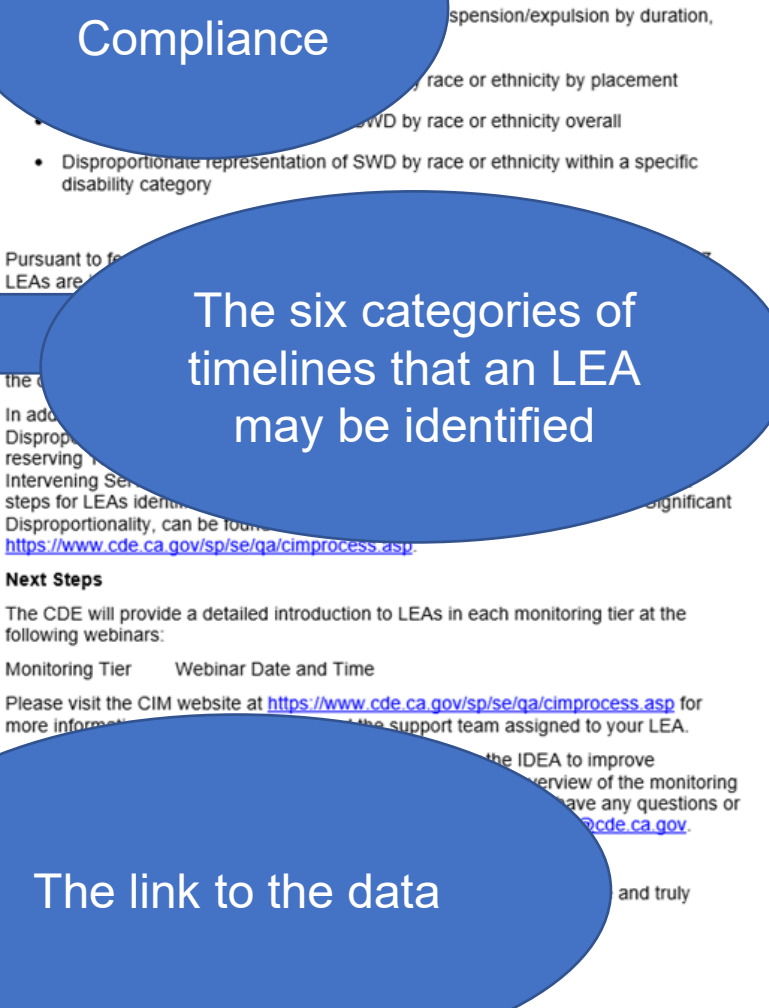

This section serves as official notification to those LEAs that have been identified as Significantly Disproportionate for 2024 Monitoring Year, impacting the 2024–25 budget year.

Each year, the CDE is required to complete calculations to identify disproportionate representation of students with disabilities (SWD) in the following areas:

Potential Causes for Extremely Late Meeting Anomalies

- **Eligible and Participating students exited as E155 or E156 (students expected to return) who did not re-enroll at the LEA**
 - FIX: Ask your student information system administrator to correct the exit code or update SWDS to reflect a status of 3 – Eligible, Not Enrolled
- **Students who were exited from special education, but the Students with Disabilities Status (SWDS) still reflects a status of 1 – Eligible and participating**
 - FIX: Submit a SWDS record updating the student’s status accordingly (2 – Eligible, Not participating, 3 – Eligible, Not enrolled, or 4 – Not Eligible)
- **More recent MEET records are missing from CALPADS**
 - FIX: Submit the missing historical MEET records in online maintenance (enrollment is not necessary)

Late Plan Reviews and Reevaluations in the Annual Determination Letters

- On March 1, 2024 we will pull the following Student Enrollment (SENR) and Meeting (MEET) data:
 - Students enrolled in the LEA on October 4, 2023 whose most recent MEET record:
 - where Plan Review Indicator = “Y” has a Special Education Meeting Date greater than 365 days prior to October 4, 2023
 - Where Evaluation Type Code = 40 (Eligibility Reevaluation) has a Special Education Meeting Date greater than 3 years prior to October 4, 2023.

https://documentation.calpads.org/Reports/Accountability/Report16.21_StudentswithDisabilities%E2%80%93OverduePlanReviewandReevaluationMeetingsStudentList/
- Released February 13, 2024
- Students appear in this report if the students:
 - Are enrolled in your LEA as of the Report As Of Date
 - Have a Primary(10), Short-Term (30) and Non-ADA(50) enrollment status
 - Are in grades: PS, TK – 12
 - Most recent Special Education Status in the SWDS file = 1 - Eligible and Participating - regardless of LEA
- **Note:** Students whose most recent enrollment has Exit = E155 or E156, students are considered to still be enrolled

MEETING DELAY CODES

| CODE | NAME | CODE SET DEFINITION |
|------|---------------------------------------|---|
| 10 | Parent Refused to Consent | The meeting was delayed because the parent refused to consent. |
| 20 | Parent Did Not Make Child Available | The meeting was delayed because the parent did not make child available. |
| 30 | Parent Contacted – Did Not Attend | The meeting was relayed because the parent, even though contacted, did not attend. |
| 40 | School Break | The meeting was delayed because of an official school break of MORE than five days. |
| 50 | Transfer | The meeting was delayed because the student transferred out of the school before the meeting occurred. |
| 60 | School Emergency * | The meeting was delayed due to circumstances beyond the staff's control such as a natural disaster (flood, earthquake), or other emergency situations where the students and staff must be evacuated. |
| 70 | Student Emergency | The meeting was delayed because of hospitalization, parent incarceration, house burned down, or other emergencies involving the student that are not identified in other reasons for the delayed meeting. |
| 75 | Temporary School Closure * | The meeting was delayed due to the temporary closure of the school for reasons such as emergency maintenance or repairs. |
| 80 | Legal Proceedings | The meeting was delayed due to legal proceedings involving the child, the LEA, and or parents. |
| 85 | Did Not Pass Hearing/Vision Screening | The meeting was delayed because the student did not pass their hearing and /or vision screening. |
| 90 | Late Without Cause* | |

* Per CDE, delay codes for School Emergency, Temporary School Closure, and Late Without Cause are not excluded for compliance monitoring purposes.

Guidelines for Pending Records

LEAs should develop a regular system for monitoring late IEPs including Initials, Plan Reviews, and Re-evaluations. Currently, the CALPADS 16.21 report can be utilized to identify Plan and Re-evaluation IEPs that are or will be late with or without a pending reason.

A report is in development that will allow LEAs to track initials and Part C to B transitions in the coming months.

Recommended Monitoring Process

- Regularly pull the CALPADS 16.21 report.
 - Administration should analyze and investigate the significantly overdue meetings. Many are data coding errors.
 - Data Clerks can submit corrections to CALPADS based on guidance and direction from administration to clear errors.
 - Some overdue IEPs require an annual or triennial meeting to be held. These should be scheduled without delay.

Recommended Process for Late Annuals and Re-evaluations

- Any IEP that is not filed to history by the date the meeting is DUE is considered LATE.
 - IEPs that have been held should be finalized and filed to history IMMEDIATELY.
 - This allows the LEA to remain compliant on the MEET file.
 - The MEET and PLAN files were decoupled in the CALPADS SpEd File Redesign allowing for LEAs to remain compliant when IEPs are held in a timely manner while signatures are being obtained.
 - The PLAN and SERV files do not get sent to CALPADS until the IEP is signed.
 - WebIEP is working on a solution to allow for IEPs to be filed to history without a selection under consent. This can be updated when the signature status is changed.
- LEA must develop a local process to track IEPs that will be late and submit a pending record to CALPADS.
 - Data Clerks run late IEP reports on a weekly basis and contact case carriers to determine the delay code reason.
 - Data Clerk submits a MEET record with Pending as of Date and Meeting Delay Code to CALPADS via the online maintenance tool.

Recommended Process for Late Initials

- WebIEP is in the process of developing an automated system to generate the Pending Initials. Once the date the AP is received is populated in WebIEP, the 60-day timeline is calculated and will send a Pending record to CALPADS. Expected release: April 1, 2024.
- The LEA will send an updated MEET record with the Meeting Delay Code via the same process as described above for the Late Plan Reviews and Late Re-evaluation Meetings.

Chapter 9 – Accountability Challenges
& Opportunities

Reflective Questions

1. The author acknowledges that student performance on statewide assessments is the primary accountability measurement for districts to track student progress; however, the IDEA requires districts to track student level data on a variety of measures, including the 17 SPPI indicators. How can utilizing the required compliance tools improve student-level outcomes in your district that extend beyond test scores?
2. Given the myriad of compliance-related systems and factors, an LEA is required to track and submit what systems have you developed or implemented within your organization to streamline these processes, reduce errors, and create efficiencies? What has been the long-term outcome of these systems?
3. Bartz states, “As a special educator, you also have responsibility for measuring outcomes for the 17 indicators of the SPP in addition to focusing on student achievement to meet ESSA requirements. View accountability measures as helpful data that guides program improvement. This perspective will improve your attitude and commitment to positive outcomes, which you will in turn impart to your staff.”
 - Under your leadership, what have you observed in respect to tailoring the compliance narrative and how has this influenced staff behavior?

NOMINATE YOUR SCHOOL FOR RECOGNITION OF INCLUSIVE PRACTICES FOR STUDENTS WITH DISABILITIES.

Inclusion promotes a sense of belonging for all students by creating intentional spaces where differences are celebrated. The East Valley SELPA United in Inclusion recognition award is designed to honor the work that school sites have engaged in to create classrooms and opportunities where students with disabilities are included with their non-disabled peers. Bronze, Silver, Gold, or Platinum recognition levels can be awarded to a school based on the deliberate steps taken to create inclusive settings.

**United in
Inclusion**

East Valley SELPA

Supporting Inclusive Practices 

STEPS

- 1) Meet with your district Special Education Director to discuss desire to participate in the United in Inclusion recognition process
- 2) Develop a Validation Plan in collaboration with site leadership team and special education department
 - a. Establish desired ribbon level
 - b. Create goals and timeline
 - c. Determine necessary resources to accomplish goals
- 3) Submit the Validation Plan to: Jennifer.Brooksby@sbcss.net
- 4) Engage in a site-level self-evaluation based on the Blueprint for Inclusion rubric available from the special education office.
- 5) Participate in a Validation Review with the East Valley SELPA
- 6) East Valley SELPA Board of Directors honor the United in Inclusion award recipients at a Board meeting

NEW DataQuest Special Education Reports

- Senate Bill 692 (Chapter 919, Statutes of 2022) established *Education Code* sections 56048 and 56049.1 which requires the CDE to publish data related to federal measures of Least Restrictive Environment for pupils with disabilities on its internet website and include it as a resource on the Dashboard. The data also needed to be disaggregated by race or ethnicity and local educational agency.

Requested Clarifications – New DataQuest Reports

- New DataQuest Reports “Preschool Settings” column is defined as (report glossary is available when you run the report):
 - **Preschool Setting:** A program setting or placement where children receive special education programs and/or services in a home, regular early childhood program, separate class, or at a service provider location. On the report, data in these columns represent the number/percentage of the Special Education Enrollment for students whose Special Education Program Setting is **Home, Regular Early Childhood Program, Separate Class, or Service Provider Location (various)**.
- The counts in this column would be consistent with the sum of students in Indicator 6 (a, b, and c)
- The DataQuest report logic was designed specifically for the legislation that required the report and may not match APR for Indicator 6

IEP Meeting Facilitation as the EV SELPA Adopts a New IEP Vendor

Along with adopting a new IEP vendor, the EV SELPA is supporting its member districts in facilitating IEP meetings which enable all participants to be active members of the IEP team. This training is for those supporting this initiative. An overview of the facilitation process will be provided that prepares IEP team members to be collaborative partners in a facilitated IEP meeting. Participants will learn how to clearly define their role in the IEP meeting, enabling them to prepare for active meeting participation. Additionally, participants will develop skills to broker more effective and efficient communication resulting in a collaborative, non-adversarial, and compliant student-centered IEP meeting.

Date: Monday, April 15, 2024

Time: 12:00 noon–4:00 pm

Location: This is a hybrid event. You can attend virtually or in-person at the: Dorothy Inghram Learning Center . You will be asked to select an option at the end of the registration.

DAWN KUHLMAN, MA
M.A.R.C.H. EXECUTIVE
DIRECTOR

Join Dawn Kuhlman as she explains her Trauma Informed Mediation Model. Common trauma responses include emotion dysregulation, physical health issues, feelings of distrust, helplessness, depression, anxiety, and grief. Secondary or vicarious trauma is a particular risk in the helping profession.

This virtual session will explore the five components of this mediation model:

1. Brain/Body experience of trauma,
2. Transformative mediation techniques (empowerment and recognition),
3. Mindfulness of thoughts, emotions, and behaviors,
4. Informally assessing client's ability to mediate, and
5. Resilience and the use of community resources.

EXPLORING IMPLICIT BIAS IN SPECIAL EDUCATION

APRIL 8, 2024

9:00AM - 11:00AM

Stereotypes and unconscious biases are the result, in part, of the human brain's need to categorize and store vast amounts of information. While everyone has unconscious biases, it can create problems when they surface in the workplace. Through implicit bias training, employees see how unconscious biases can distort decision-making, and they learn what they can do to avoid making snap judgments about people that can affect relationships and productivity.

JASON A. HARPER, MA NCRP

Objectives:

1. Identify schemas and implicit bias
2. Understand the concept of explicit bias and its impact on others
3. Learn tools and strategies to counteract our implicit biases

MARC PURCHIN

Marc Purchin's goals, education, experience, achievement, reputation and vision combined to prompt the establishment of Purchin Consulting in 1997. Beginning some two decades before that, Marc has personally conducted more than 3,000 mediations, mostly through contracts with the California Special Education Hearing Office, the Department of Developmental Disabilities, several public school districts and numerous non-profit organizations. In addition to that work, he has developed Alternative Dispute Resolution (ADR) programs for Special Education Local Plan Areas (SELPA) throughout the state of California. Marc earned his bachelor's degree at Southern Illinois University, majoring in Speech Communication with an emphasis in Interpersonal Communication and Theatre. He then completed the distinctive Master's in Business Administration (MBA) program in Non-Profit Management offered by American Jewish University (formerly University of Judaism.) That program added him to its faculty in 1998 and has taught courses such as "Conflict Resolution and Negotiation" and "Organizational Development and Leadership". Marc has also taught a "Collaboration" course in the School of Education at Cal State Dominguez Hills.

4.16 Hot Topics

Education Code section 56329(a) states:

As part of the assessment plan given to parents or guardians pursuant to Section 56321, the parent or guardian of the pupil shall be provided with a written notice that shall include all of the following information:

(a) (1) Upon completion of the administration of tests and other assessment materials, an individualized education program team meeting, including the parent or guardian and his or her representatives, shall be scheduled, pursuant to Section 56341, to determine whether the pupil is an individual with exceptional needs as defined in Section 56026, **and to discuss the assessment, the educational recommendations, and the reasons for these recommendations.** Bold mine.

Education Code section 56327 states, in relevant part:

The personnel who assess the pupil shall prepare a written report, or reports, as appropriate, of the results of each assessment. The report shall include, **but not be limited to**, all the following:

(a) **Whether the pupil may need special education and related services.**

(b) **The basis for making the determination.** Bold mine.

Also keep in mind that the information identified in Education Code section 56327 that is to be in assessment reports is illustrative but not exhaustive (i.e., include, but not be limited to).

Region 10 Coordinating Council Presents

Presented by: Dr. Debra M. Wilson

This presentation is a hybrid of informative, evidence –based discussion and hands-on lab experience. Participants will experience S'Cool Move's therapy-based interventions that support academic goals within tiered intervention models, including movement routines and activities designed to improve focus, postural stability, bilateral coordination, visual skills, and self-regulation. In addition, this presentation focuses on enhancing collaboration between occupational therapists and general education and/or special education teachers in the classroom setting by providing insights, strategies, and tips for an “all hands-on deck” approach to collaboration.

Date: Friday, April 19, 2024

Time: 8:00 am to 3:30 pm

Location: Dorothy Inghram Learning Center, 670 E. Carnegie Drive, San Bernardino, 92408

Fee: \$75.00 (*Purchase Orders are NOT accepted. This is a Pre-Pay event*)

Audience: Occupational Therapists, Certified Occupational Therapy Assistants, Physical Therapists, and Teachers

Objectives: Participants will:

1. Understand how to enhance collaboration through the use of tiered interventions
2. Learn evidence-based routines that are appropriate for tiered intervention in the classroom setting
3. Compare and contrast the best developmental model for collaborating with teachers, including neurosequential models, trauma-informed teaching, and a dynamic systems approach
4. Reflect on one's current collaborative practice, and how the new information presented enhances and expands one's own professional practice in a school environment

CEUs: Certificate of attendance will be provided, verifying 6 professional development units.

DATA DRIVEN DECISIONS

Presented by:

COURTNEY BEATTY & SHANNON VOGT

EAST VALLEY SELPA PROGRAM SPECIALISTS

Data collection is a necessary process in all special education classrooms. Data driven decisions result in proactive interventions and therefore support positive student outcomes.

Teachers, paraprofessionals, and service providers all can benefit from learning a method to collecting, analyzing and referencing data in order to create informed interventions.

Audience will:

- Become familiar with EV SELPA recommended data collection forms
- Have practice completing data collection forms in real time given typical academic and behavioral scenarios
- Learn how to analyze data collection and form recommendations for next steps of an intervention and annual goals
- Gain knowledge on how to graph data points to create visuals for parents and all team members to view and understand

Join us for a training on how to develop legally compliant IEP goals using a 13-part template, how to collect data (progress monitoring) on IEP goals, and how to effectively implement all parts of an IEP. Participants will receive a goal bank to reference & help support future goal development.

Objectives

Participants will:

- * Be able to identify significant parts of an effective IEP goal
- * Be able to use an IEP Goal Template to guide the development or check the accuracy of current IEP goals
- * Demonstrate knowledge of current grade level and functional grade level to develop appropriate goals (Backwards Mapping)
- * Be able to define Progress Monitoring and how it relates to IEP development
- * Practice completing progress monitoring sheets and develop new sheets based on current and future IEP goals
- * Continue creating the goal bank from Day 1 and matching the goals to the correct progress monitoring sheets
- * Understand all the areas for implementation in an IEP
- * Learn to use the conditions of intervention as a guide for target skill instruction
- * Learn how to collect data while instructing the target skill
- * Understand self-management with checklists

Course Description

This training will provide the context, rationale and the pedagogy related to universal screening for reading difficulties including dyslexia. Presenters will bring to life research and best practices in the science of reading, assessment, and interventions. Attendees will get valuable insights from three district teams who will share their journeys and learnings implementing universal screenings district-wide.

Educational Goals & Learning Objectives

1. Participants will be able to explain the research-based framework for universal screening and benefits to students, families, and educators.
2. Participants will identify strategies for assessment, various tools currently or soon to be available, and resources for decision-making.
3. Participants will be able to connect universal screenings to appropriate interventions based on the science of reading and learn how districts have used screening results to improve instructional practices.
